

## Public Announcement

### Training on Mushroom Cultivation for Sustainable Job Creation among Rwandan Youth

#### 1. Context

Excel Business Solutions Ltd, in association with Faraja Rwanda (FR), and is pleased to announce a comprehensive training program on professional mushroom cultivation aimed at creating decent and sustainable job creation for Rwandan youth. This training will result in a vibrant pool of young and women agripreneurs in mushrooms cultivation. This is because, mushrooms are highly yielding, profitable, marketable, still fresh and really a decent source of income.

**Are you unemployed? Are you looking for a sustainable source of income? Are you an employee and you would like to have a decent side income generating activity? Are you a youth / woman looking for something income generating? Could you afford just a small capital?**

**Please choose mushrooms cultivation. You will never regret!**

#### 2. Training Details:

**Phase I:** September 4-6, 2024, Phase II will be determined. After phase I, participants will continue to register and they will be communicated of training phase II.

**Venue:** Imbuga Garden (Behind New Life (Kicukiro) just after DMC Hospital

#### 3. Objective

By the end of the training, participants shall be able to effectively create decent mushrooms business, connect with local, regional and global markets thereby generating sustainable income hence, improved livelihoods.
